ADVENTURES

trip overview

The Tetons make up one of the most magical mountain ranges in the country. Brimming with alpine lakes, backcountry meadows, and jagged mountain peaks, this wild western terrain is a world famous destination for all those who crave outdoor adventure. Backpack, fly fish, climb, and raft your way through the most iconic wilderness in the wild west.

JAC

JACKSON HOLE, WYOMING (JAC)

highlights

- Backpack the world famous Wind River Range
- Learn to Fly Fish in the backcountry of the Wind River Range
- Rock climb in Grand Teton National Park with Exum Mountain Guides
- Raft the Salmon River

"I LOVED this trip! I loved how it got me out of my comfort zone. Climbing in the Tetons, rafting on the Salmon River, and backpacking were awesome!"

Anna Malanuk, 14, Columbia, SC

day by day

DEPART ▶

DAY 1

Arrive in Jackson Hole. With The Tetons towering above you, you'll meet your team, get acquainted with mountain time, and orient yourself to the adventure to come before settling in for your first night in the wild west.

DAY 2-5

Step into the backcountry and leave the civilized world behind. For four days you'll backpack through alpine meadows, and mountain passes to build your nightly home under the stars. Learn to fly fish in lakes and rivers only accessible by foot. Discover the freedom and beauty of living out of your backpack in the beautiful Wind River Range.

DAY 6-7

Emerge from the backcountry to get vertical on the glistening walls of Grand Teton National Park. It's time to climb. Exum Mountain Guides will lead you through the basics of knots, belay systems, and proper climbing technique. Then you'll get your hands on the rock, for various top rope routes. Using your new skills to conquer the walls, you and your team will also get to tackle multi-pitch routes. (That's where the big vistas come into view!)

**Itineraries and order of activities is subject to variation.*

day by day

DAY 8-12

After honing your climbing skills, take the river route for your next backcountry experience. This time the raft carries your belongings, and you paddle your way down the Salmon River. Spend your nights on the sandy beaches cooking meals and camping with your friends. Your days will be full of exciting rapids and sun baked swimming holes as you paddle this famed water way.

DAY 13-14

Travel to Jackson Hole and spend your last day in the wild west exploring this mountain town paradise. You and your team will celebrate all you've accomplished at a final banquet dinner. Soak up your last moments together in the shadow of the Tetons as you recount and remember everything you've done together. Spend your last night under the stars and prepare to travel home.
